

MEILING WANG

West Lafayette, IN, USA 47906 ♦ wang7395@purdue.edu

EDUCATION

Purdue University
B.S. in Computer Engineering

Expected Graduation: Dec. 2027
GPA: 4.0/4.0

Relevant Coursework:

- **Graduate Level:** Artificial Intelligence, ML System Co-Design, Statistical Methods
- **Undergraduate Level:** Data Structures, Advanced C Programming, NLP, Game Theory, Natural Language Processing, Discrete Mathematics, Linear Algebra, Complex Analysis

RESEARCH EXPERIENCE

EcoAI Lab

Purdue University

Mar. 2026 – Present

Advisor: Prof. Haoran You

Goal: Accelerate dLLM inference via learned, input-adaptive block sizing.

- Designed a lightweight learned router for input-adaptive parallel decoding in dLLMs, targeting a better accuracy-throughput trade-off.
- Ran large-scale experiments on 8×H100 GPUs to evaluate decoding efficiency, task accuracy, and inference-time behavior across different generation settings.

PurSec Lab

Purdue University

Aug. 2025 – Dec. 2025

Advisor: Prof. Antonio Bianchi

Goal: Study the robustness of in-context learning (ICL) systems under data poisoning attacks.

- Studied robustness of Visual In-Context Learning (VICL) models under adversarial perturbations.
- Developed task-level hijacking attacks that redirect model inference between vision tasks, achieving 81.7% task-switching success and 90% success on a real-world SaaS labeling pipeline.

PROJECTS

Trustworthy Machine Learning

Purdue VIP Program

Jan. 2026 – May. 2026

Advisor: Prof. Zahra Ghodsi

- Deployed and configured *Landseer*, a GPU-accelerated framework for privacy-preserving ML inference, on HPC cluster.

AI Developer Tooling with Claude

Claude Builder Club

Aug. 2025 – Present

- Participated in Anthropic's official Claude Builder Club through weekly seminars and technical discussions with Anthropic engineers.

SKILLS & HONORS

Programming Languages: Python, Java, C, C++, Bash, MATLAB

Frameworks & Tools: Git, PyTorch, HuggingFace Transformers

Honors and Accomplishments:

Dean's List & Semester Honors, Purdue University

First Prize, Chinese Physics Olympiad (CPHO), Provincial Level
